National Education Day – 11th November 2019

To commemorate the birth anniversary of Maulana Abul Kalam Azad, the first education minister of independent India, who served from 15 August 1947 until 2 February 1958, National Education Day is observed every year on November 11th. In this regard, a **speech contest** was conducted for students on the topic **‘Meaningful change that our education system needs today.’**

Harmony club of PSG Institute of technology and Applied Research conducted the speech contest and all participants received a self-help book signed by our beloved **Principal Dr. P.V. Mohanram**. Dr. M.Devasena, Coordinator of the event evaluated the contest on basis of students’ presentation, clarity and relevance to the topic. All speeches were video recorded. To define education is an impossible task. But anything that helps you grow and become a better version of yourself is education.
