Department of Electronics and Communication Engineering.

REPORT FOR INTERESTED-COMMITTED

The department of Electronics and Communication organised a Alumni Talk for the Students of 3rd and 4th year, which could act as a motivational session for the students before they could enter the current academic year. Ms. Harini, working as Software Engineer at AppViewX and Ms. Pavithra, working for Temenos as Software Developer, was the resource person.

The session was held on 11th of August, 2021 between 11:30 am to 12:30 pm. They were speaking on “Interested - Committed.” The session was on what a human beings daily routine needed for reaching great heights and what is the difference between doing those things with interest and with commitment. They mapped those five daily activities which they meant to Five Elements of Earth (Pancha Boothams). They explained that, activities to cater, fitness, earning, evolving mindset, knowledge and creativity were needed for a human.

They explained these 5 activities with each incident from history and day to day scenarios like, Courage of Abhimanyu, Art of Taj Mahal, Life of Bhishma, Mary Kom, Serena Williams, Ravana, Raja Ram Mohan Roy and similar achievers.

Later there was an explanation on why to celebrate people who missed the olympic medal with a whisker and then, using that they motivated the students who were facing placements.

The students had an interactive session and took it forward with some fun activities. The session ended off with some basic questioning sessions and feedback.
