

Name: J.Srisindhu

Research guide: Dr.N.Divya

Date of joining: 03.01.2024

Department: Civil Engineering

Education Details (UG & PG):

B.E., - Civil Engineering

M.E., - Structural Engineering

Tentative title of the research work:

Investigation of Temperature Effects on the Mechanical and Thermal Properties of Graphene Enhanced Concrete

Brief abstract:

This study investigates the impact of temperature on graphene-enhanced concrete's mechanical and thermal properties, offering insights into its performance under varying environmental conditions.
