| No. of Participants | 60 students exhibited 13 projects   |

1. The Department of Civil Engineering in association with the Civil Association and Industry Institute Cell has organized a one-day project exhibition on 25th May 2024.
2. It was an informative, interesting day for all first-year students too, who visited the exhibition and interacted with them.
3. Three student teams from 1<sup>st</sup> year were selected for the top three project awards which will be distributed during the next association meeting, and participation certificates will be given to the other students who exhibited their projects.
4. The exhibition ended with a group photo.
