**Report on Ground Cleaning event**

Event title	Trekking event
Event Category	Trekking Event
Date and Duration	20th October 2024, 12 hrs
Department	All
Co-ordinators	Dr.P.Chinnaraj, Associate Professor Maths Department & Dr D.Thangaraju , Associate Professor, Physics Department
No. of Participants	40

The NSS unit of PSGiTech recently conducted a meaningful event that combined adventure with community service at Othimalai. A group of 40 enthusiastic volunteers participated in a trek to the picturesque location, where they not only enjoyed the natural beauty but also demonstrated their commitment to environmental conservation. The event was led by NSS Program Officer, Mr. Thangaraju, whose guidance helped foster a sense of responsibility and teamwork among the volunteers. The participants worked harmoniously, making the trek both an enjoyable and fulfilling experience. Beyond the trek itself, the volunteers engaged in a temple cleaning activity, which focused on preserving the sanctity and cleanliness of the temple premises. Their combined efforts contributed to the upkeep of this sacred space, reflecting the NSS unit's dedication to protecting local heritage and fostering community engagement. By balancing physical activity with a sense of service, the event provided an opportunity for the volunteers to contribute to the well-being of both the environment and society, highlighting the value of small, collective actions in making a lasting impact.
