Coimbatore-641062

**A Short Report on the International Conference  
on Next Generation Computing Systems – 2025**

Organised by PSG iTech

On 21&22 August 2025

The Departments of Computer Science and Engineering and Artificial Intelligence and Data Science at PSG Institute of Technology and Applied Research organised the **Third International Conference on Next Generation Computing Systems (ICNGCS 2025)** during 21–22 August with the theme “*Intelligent Systems for Sustainable Development.*” The inaugural ceremony was presided over by Principal **Dr. N. Saravanakumar**, Secretary **Dr. P. V. Mohanram**, and department heads **Dr. B. Gomathy**(HoD-CSE), **Dr S. Kalarani**(HoD-AI&DS), with **Mr. Meyappan Srinivasan** Group Manager at Bosch Global Software Technologies, Coimbatore as Chief Guest and **Mr. Rajmohan Natesan** Senior Director, Radiant Global Technology Pvt. Ltd., Chennai as Guest of Honour. The proceedings were formally released, marking two days of academic and industry collaboration. In their keynote addresses, Mr. Srinivasan spoke on *Multimodal AI and Trustworthy Intelligence* while Mr. Natesan stressed that *AI should augment human processes*, noting “*Humans with AI will replace humans without AI.*” A Vote of Thanks by Dr. Manimegalai, congratulating the organising secretaries, Dr. B Gomathi, Associate Professor, and Dr S. Vaishnavi, Assistant Professor(Senior Grade) from CSE Department, brought the inaugural session to a close and set the stage for the technical sessions.
