2.30 pm

Venue
IQAC Board Room

Report on the Discussion: "Leeds Beckett University: Degrees & Research Opportunities"

Event title	Leeds Beckett University: Degrees & Research Opportunities
Event Category	Discussion
Date and Duration	26 th March 2025 & 02.30 PM to 03.30 PM
Department	CSE
Faculty Coordinator	Dr B Gomathi, ASP/CSE
Resource Person	Dr. Amar Aggoun, Professor, Head of Computing, Leeds Beckett University
Faculty Convenor	Dr B Gomathy, HOD/CSE
No. of Participants	10

On 26th March 2025, a highly informative discussion on "Leeds Beckett University: Degrees & Research Opportunities" was conducted by Dr. Amar Aggoun, the Head of Computing at Leeds Beckett University. The session took place at the IQAC Board Room at 2:30 PM. The discussion aimed to provide an in-depth overview of the various degree programs offered by the university, along with the significant research opportunities available for students and faculty. Dr. Amar Aggoun began the session by giving a detailed presentation on the various degrees offered by Leeds Beckett University, focusing on undergraduate and postgraduate programs. He specifically highlighted programs in Computing, such as MEng Computer Science, BSc (Hons) Computer Science, BSc (Hons) Cyber Security, MEng Cyber Security and Digital Forensics, BSc (Hons) Cyber Security and Digital Forensics, emphasizing the university's strengths in both technical and interdisciplinary fields. He encouraged attendees to explore programs that align with their career goals and academic interests.

In the second part of the discussion, Dr. Aggoun shifted focus to the research opportunities at Leeds Beckett University, particularly in areas like Artificial Intelligence, Cybersecurity, and Smart Computing. Dr. Aggoun also emphasized the university's commitment to fostering research through substantial funding opportunities and support for doctoral candidates. He highlighted the strong collaboration between the university and industry leaders, providing real-world exposure and practical applications for research projects. Following the presentation, the floor was opened for a Q&A session, where attendees had the opportunity to ask Dr. Aggoun questions. The topics ranged from the application process for international students to the availability of scholarships and financial aid. The participants left the session feeling more informed and motivated to explore academic and research opportunities at Leeds Beckett University.

The discussion was an excellent platform for fostering academic exchange and establishing future academic and research collaborations at a globally recognized institution like Leeds Beckett University.
