The Internal Complaints Cell (ICC) of PSGiTech organized an awareness programme on safety of girls on and off campus. The speaker was Dr K Pramila, Presiding Officer, IC. 228 first year girl students from the hostel and day scholars attended the programme. She also explained at length about IC and the role of IC in preventing sexual harassment at workplaces. She focused on the dangers of social media, how digital stalking could lead to traumatic experience in person. She also discussed on how to be careful while making video calls and not to accept video calls from strangers. The risks involved in posting and over sharing pictures and information was also discussed. She requested students to immediately notify IC if they are harassed or if they notice any other girl being harassed. Confidentiality of all complaints and quick redressal was stressed.
