PSG Institute of Technology and Applied Research and SanDisk Corporation formally entered into a Memorandum of Understanding (MoU) on 27th March 2026.

The MoU signing ceremony was held at PSG iTech in the presence of distinguished representatives, Dr. C L Vasu, Dean - Academics, Dr P Vijaya Kumar, Dean - Electrical and Computer Engineering, Dr M I Abdul Aleem, Dean - Industry Interaction and Outreach, Dr. B. Gomathy, Professor and Head, Department of CSE, Dr V. C. Mahavishnu, Assistant Professor(Sl. Gr.), Department of CSE from PSG iTech and Mr.Venkatesh Duraisamy and Mr. Sundar PH, the Directors, and Mr.Lokesh Sarode and Mr. Panneerselvam Palaniswamy, Technologists from SanDisk. The SanDisk MoU intends to collaborate in conducting hackathons on Memory, Firmware, Software Tools, and AI/ML, and to deliver guest lectures that provide students with industry insights into electronics and emerging technologies.

The MoU marks an important step toward strengthening the relationship between academia and industry, promoting innovation, and preparing students with the skills required to succeed in a rapidly evolving technological landscape. The event concluded with the formal signing of the Memorandum of Understanding and a commitment from both institutions to work closely toward achieving the objectives outlined in the agreement.
