Guest Lecture on "Computer Science Careers in the Age of AI: Opportunities & Challenges"

Coimbatore, October 7, 2026 – The Higher Education Forum of PSG Institute of Technology and Applied Research (PSG iTech) organised a guest lecture titled **"Computer Science Careers in the Age of AI: Opportunities & Challenges"** on October 7, 2026.

The session featured **Dr. Anna Kalenkova** from the School of Computer Science and Information Technology, Adelaide University, Australia, as the distinguished speaker. The programme was held at 10.30 AM at the E6 Mechanical Seminar Hall, PSG iTech.

The lecture focused on the evolving landscape of computer science careers in the era of Artificial Intelligence, highlighting the emerging opportunities and challenges associated with advancements in AI technologies. The session provided an opportunity for students to gain insights into the changing technological landscape and the growing significance of computer science in shaping future career pathways.

The programme aimed to enhance students' awareness of emerging career opportunities in the field of computer science and encourage them to understand the challenges and possibilities presented by the rapid evolution of Artificial Intelligence.

The guest lecture served as a valuable platform for academic enrichment, enabling students to gain perspectives from an international academic expert and understand the evolving relationship between computer science and Artificial Intelligence.

The programme concluded with an enriching academic interaction, reinforcing the importance of staying updated with emerging technologies and continuously developing skills to meet the demands of the evolving technology landscape.
