Ranked within
101-150 band
2025

Profile of the Chief Guest

Mr. Toshiyuki Suzuki has been serving as the President and CEO of FANUC India since February 2026. Born on July 25, 1964, in Gunma Prefecture, Japan, Mr. Suzuki is a veteran in the industrial automation industry with a career spanning over four decades at FANUC Corporation. He holds an associate degree in Mechanical Engineering from the Nara National College of Technology, graduating in March 1986. His professional journey is a testament to growth and dedication, having risen through the ranks from a Service Engineer to top-tier global leadership roles. After joining FANUC Corporation in 1986, he spent his early years in the Domestic Service Division before expanding his expertise internationally. He has held significant leadership positions across the globe, including:

- Vice-President, FANUC Singapore (1993–2000)
- President, FANUC Italia (2000–2005)
- Vice-President, FANUC India (2023–January 2026)

During his extensive tenure in the FA (Factory Automation) Overseas Sales Division from 2006 to 2023, Mr. Suzuki played a pivotal role in supporting the Indian manufacturing sector. His profound technical understanding of the Indian machining industry allowed him to facilitate the delivery of high-feature FANUC CNC systems tailored for Indian Machine Tool builders. These contributions have been instrumental in enhancing the overall productivity and technical competitiveness of Indian machine tools in the global market.

Beyond his technical and strategic acumen, Mr. Suzuki is recognized for his humble and empathetic leadership style. His ability to connect with his team has been a cornerstone in building a strong, motivated workforce at FANUC India. His leadership continues to drive innovation and excellence in governance, industrial infrastructure and digital transformation.
