

REPORT

The **Civil Engineering Department** of PSG Institute of Technology and Applied Research has signed a Mou with Sri Renga Polymers Karur, on 10th July 2024 at PSG Institute of Technology and Applied Research, Coimbatore. The MoU was signed by Dr. N.Saravanakumar, Principal PSG iTech and Mr. K.Sankar, Managing Director, Sri Renga Polymers, Karur.

In continuation of the MoU, the Department of Civil Engineering of PSG iTech will study the physical and chemical properties of all their wastes generated in their factory and provide solutions for **“Converting the Industrial Wastes into value added Construction Materials”**. Dr. M. I. Abdul Aleem, Professor and Head of Civil Engineering, PSG iTech added that by using their industrial wastes, the building materials like, Bricks, Blocks, Tiles, Artificial Stones and Particle Boards shall be developed.
